Your boat is in good hands

### **Maritime Management Solutions**

With over 25 years experience in the Marine Industry, our business offers affordable vessel management and maintenance solutions. We take the hassle out of boat ownership and remove the headaches involved with continually managing your boat's well being.

We have long-established relationships with the best individuals and companies in every segment of the recreational marine industry. We can utilize the expertise of these top resources for your boat without you calling 4 or 5 numbers, meeting 3 or 4 people on your boat, checking 2 or 3 references or reviewing work when it's done. We are your liaison! We act on your behalf for anything and everything you need. One call does it all. Imagine that - owning your wonderful, fantastic pleasure boat and needing only one phone number. Imagine having a professional Boat Manager assigned to you and your boat...someone who knows everything about your boat's complete and complex systems...and everything about how you like your boat when you come aboard. Imagine all the joys of owning a boat but none of the hassles!

Using Elite Vessel Management to professionally maintain your boat on a regular basis will increase your leisure time as well as the future value of your boat, if and when you choose to sell it.

That's a win, win situation! Services include but are not limited to:

- **Full Audits and Reports** - Regular (weekly, fortnightly, monthly) boat inspections and full audit of all services, systems, mechanics and general condition of the boat. Includes running motors and temp checks.
- **Logs** - Management of your maintenance, engineering, and safety equipment logs.
- **Regular valuations** -Free Expert Brokerage advice and market analysis. If required, helping you plan the right time to sell.
- **Contractor Reliability** - Management and coordination of shipwright, electrical, mechanical and cleaning services. Priority service is always guaranteed.
- **Maintenance Management**- Coordination of any approved programmed maintenance, refurbishment and repairs as required.
- **Professional Mechanical Advice** – From fully qualified marine engineer and technicians.
- **Vessel Security**- All aspects of berthing security.
